## KINGSPPOINT CLUB NEWS:

Dear Neighbors,

Spring has sprung! April showers happened to fall on our regularly scheduled **Club O'Beautiful Day**, so we have rescheduled for **Sunday, April 30th from 1:00-4:00 p.m.** We hope you can join us if you have some time. There's a work project for all ages and abilities. No need to sign up - just come on down if you're around.

The Kingspoint Club would like to extend a huge thank you to Inga Carboni for organizing the annual egg hunt at the Clubhouse on Sunday, April 15th. Inga coordinated the efforts of many neighbors to pull off a fun and well-attended event. The egg hunt is always a great return to outdoor events at the Club and it was exciting to see so many new faces!

For our next event, we invite you to join your Kingspoint Club members for a **Cinco de Mayo potluck at 6:00 pm on Friday, May 5, 2017, at the Clubhouse.** All ages are welcome. The Club will provide chips and salsa, non-alcoholic drinks, and some festive adult beverages. *Please bring your favorite Mexican dish to share – savory or sweet!* This event is open to Club members and neighbors interested in joining. A *suggested donation of \$5 per family* is appreciated. Please contact [mmrobertson77@gmail.com](mailto:mmrobertson77@gmail.com) if you have any questions.

**Kingspoint Club AMBASSADOR Program**

Help us welcome new neighbors to Kingspoint! In addition to bringing something small (plant, cookies, etc.) we would like Kingspoint ambassadors to share what the club has to offer and how the new neighbor may be able to get involved in the community. I will be working with the membership team and listing agents to try to educate both sellers and buyers of the current state of household stock in order to ease the transition from one homeowner to the next. If you would like to join the ambassador program, please email me at [mollythiel@hotmail.com](mailto:mollythiel@hotmail.com).

.....

**Calling all Kingspoint Swimmers: Ice Cream Social at the Clubhouse April 30 at 4:30!**

We're very much looking forward to another great summer season! For new families in the neighborhood, swim team is a great chance for kids 4-18 to get some exercise, hang out with neighborhood kids, and learn to swim like a pro! The team has morning and evening practices to accommodate summer schedules and runs from a few weeks before school gets out through the third week in July or so (with an early August championship meet for swimmers with qualifying times).

**The date for the spring ice cream social/ registration event is April 30 at 4:30** (get it? 4/30 at 4:30!) Please visit the Kingspoint Swim Team website for more information at <https://kpswimteam.wordpress.com>.

## KINGSPPOINT GARDEN CLUB

I am so glad we are getting much needed rain as it was dry. I got some holly tone to feed our evergreens and azaleas. Ray and I will be going to the Maymont Herb Fair this coming Saturday to get some plants for the veggie garden. My usual choices are cherry tomatoes (prefer Heirloom if I can get them) and banana peppers and other heirloom varieties, when available. It is easier to find them at the Herb Fair as not everyone carries them. It is a wonderful event to celebrate Spring. My heavenly blue morning glories and moonflower seeds are coming up. Once they get a little more size I will transplant them and put them around the front yard to trail on the fence. If enough people are interested the garden club will go to the **Lewis Ginter Botanical Gardens in Richmond, on May 9, 9 am**. Our end of the year party will be **Saturday, May 13, 6:30 pm at Winnie Bryant's home**.

It is a good time to check your lawn mower, but remember to wait to mow until your lawn has grown at least 2 inches while the roots are being renewed in the spring. Check for insects and disease. I am glad to see that our two white oak trees seem to be recovering from whatever basically defoliated them last year, even if a few branches are dead. I have begun breaking off or cutting dead flower stems once the plants are coming up again and I can see them. You can plant tomatoes when the soil is about 65-70 degrees. I will be amending the soil with either Holly Tone or other organic fertilizers. Try and put out your baby plants or transplants when the day is calm and a little cloudy so that the sun and wind won't harm them. I recently pruned our yew shrubs in the front yard. It is

fun to see all the new growth coming out. Ray and I went to the Botanical Garden's annual plant sale this past Saturday and came home with a bunch of plants. I can't wait to plant them once the rain stops. Another good source for plants is the Williamsburg Farmer's Market. I also get our worm fertilizer there which is great. Garden week is also coming up and it is a great opportunity to check out beautiful gardens in our area. To discourage deer I plant most plants inside our fenced in area. For those outside the fence all is fair game with the deer. I find that hellebores and ferns fare well and the deer seem to leave them alone. Of course, there are voles and squirrels and I am still trying to figure out what to do about that. For our potted plants I put cayenne pepper on the soil and this discourages the squirrels. Now that most plants have come up I am carefully removing the leaves that have fallen around them and having fun discovering all the new shoots.

I hope, for those of you who love to garden, you find this a most magical time of discovery.

As mentioned before, for nearly 4 decades the garden club has been decorating the front entrance. After some discussion it was decided that we would no longer be doing this. If anyone in Kingspoint would like to take this project over, we have the forms to donate for anyone wishing to continue this tradition. Please give me a call about this if you are interested.

Yours in gardening,

### **BRIDGE ANYONE?**

All club members are invited to join us for bridge at the clubhouse on Monday mornings from 9 a.m. to noon. It's a friendly low-stress environment. It doesn't matter if it's been years since you last played and you think your skills are a little "rusty." Sign up and give it a try. Start your week off having a fun time with your neighbors! Call Dee Snow, 229-9699, or e-mail her at [gildees@verizon.net](mailto:gildees@verizon.net) no later than Friday if you would like to play the following Monday. We fill tables in the order that players sign-up.

### **LITTLE DOLPHINS**

A few parents got together to form "Little Dolphins", a Kingspoint playgroup for babies through preschoolers who have now aged to being toddlers to early elementary school-aged. You can find them on Facebook under "Little Dolphins". If you are interested in joining please e-mail Tracy Sohoni at [tracep@yahoo.com](mailto:tracep@yahoo.com).

### **KINGSPPOINT NEIGHBORHOOD ASSOCIATION NEWS**

**We appreciate each neighbor who has joined the KPNA since our September 2016 membership appeal began.** Your support funds our ongoing responsibilities and projects, and also allows us to keep a balance for unexpected expenses, like the message board repairs last year. We are currently working to build up the balance necessary to begin replanting at the front entrance this fall. We do our work on a cash basis, without incurring any debt.

**Any neighbor who might have overlooked their membership last fall may still join the KPNA** by dropping off a check for the \$25.00 annual dues to our Treasurer, Kirsten Kellogg,

at 108 Overlook Drive. We appreciate everyone's efforts to keep Kingspoint the beautiful, safe community we all enjoy.

**We offer special appreciation to our front entrance volunteers** for their exceptional efforts to keep our entrance area neatly maintained. They have had a lot of trash to pick up this spring, and tire tracks in the grass to repair.

**The posts with reflectors, which protect the grass, have been hit numerous times** over the last few months. As soon as they are repaired, they get knocked down yet again. We aren't sure whether the damage is caused by construction vehicles, school buses, or others. But we appreciate Chris Bonday, Steve Houff, Benson Dexter and Tom Mahone for all of their efforts to maintain and repair our entrance.

Thanks also to KPNA Board member **Harvey Manning** for his continued work to maintain our street signs and coordinate with our front entrance volunteers.

**VDOT has begun work on the promised right turn lane** from our access road onto Rt. 199E. We appreciate their allocation of time and funds to make this necessary improvement for us. We expect new lane markings to be painted when the pavement is finished.

According to VDOT officials, **a survey of the condition of all state maintained roads and streets** within JCC was completed last year. **As you might expect, Kingspoint Drive, Archer's Hope Drive and Pinepoint Road rated 'poor.'** We have been told that these Kingspoint streets, at a minimum, will be scheduled for **repaving** within the next 36 months. If funds allow, other neighborhood streets could be included in the project.

**We have requested repairs** to the area of broken pavement on Northpoint Drive near the Clubhouse driveway. This repair will be made **while VDOT completes the right turn lane**

work at our entrance. We have also **requested yellow lines on Northpoint Drive** to help drivers, especially visitors, negotiate the curve at the top of the Northpoint hill more safely.

**Please remember to share the street with caution and courtesy**, whether you are walking, biking or driving. Warm weather brings us outdoors, and we can expect to encounter more neighbors on our streets. Watch for playing children on many side streets and more pets along the way. Please remind your guests to drive cautiously in Kingspoint and to respect **our 25 mph speed limit**.

**Earth Day falls at the end of April each year.** Why not celebrate by planting a new tree or shrub in your yard? This is a positive step we can each take to improve our environment. **Commit your own “Act of Green” in celebration of this 47<sup>th</sup> Earth Day.**

If you have unused, expired or **unneeded prescription drugs** in your cabinet, you may dispose of them next **Saturday, April 29, at the JCC Police Drug Take Back Program** held between 10:00 AM and 2:00 PM at the Law Enforcement Center, 4600 Opportunity Way.

This anonymous 'drive through' event, held in cooperation with the DEA, allows county residents to properly dispose of solid (pills or capsules) prescription drugs. No questions will be asked. Liquids, sharps, OTC drugs and illegal drugs cannot be accepted.

Parents may bring their children to the **JCC Police's Bike Rodeo on Saturday, May 20 at Norge Elementary School from 9:00-11:00 AM.** This is part of Bike Safety Month, and is planned to help teach important principles of bike safety in addition to letting young riders test their skills in various events. Officers will be on hand to register ownership of bicycles and tricycles, to help in recovering the bike should it be lost or stolen. Each child needs a bike helmet to participate.

*Please continue to let us know when new neighbors arrive near you.* We want to welcome all new neighbors and bring them a current Kingspoint Directory.

### **FYI: Update on The Williamsburg Landing's Proposed Expansion**

**The KPNA worked with the Kingspoint Club to sponsor a neighborhood meeting last month** so we could all learn about The Williamsburg Landing's plans for their expansion onto adjacent property directly across College Creek from the Kingspoint Clubhouse. Thanks to everyone who came to speak with The Landing's representatives and to ask questions about their plans.

**KPNA Board member Emily McDowell and ML Brei helped** with the refreshments and set up for our community meeting, which we appreciate very much. KCI Co-President **Sean Sparkman was there to help us clean up afterwards.** We deeply appreciate his assistance, and the cooperation of the KCI's Board in hosting this community meeting at the clubhouse.

We were pleased that **Dr. John McGlennon**, our Roberts District Supervisor, joined us for this event. **Danny Schmidt**, who represents the Roberts District on the JCC Planning Commission, also attended and took the opportunity to learn as much as possible about the project and how it might impact Kingspoint.

**One point of concern is the five-story apartment building which may be built on part of this parcel**, and will most likely be visible from the Clubhouse and from Kingspoint properties which front on that portion of College Creek. **A Balloon Test will be conducted this Friday, April 28**, to determine whether the proposed building will be visible from Kingspoint and the surrounding area. Watch for the balloon between 10:00 AM and 11:00 AM if you are interested.

The county planning staff did not recommend this project to the Planning Commission for several reasons. [You may read their report and their recommendations here](#) if you are interested in the details.

**The hearing on this rezoning and special use permit request has been deferred indefinitely by The Landing. The matter will not come before the Board of Supervisors in June**, as originally planned.

**The Board of Supervisors has directed the Planning Commission to consider adding a new Special Use within the R-8 zoning district for senior living facilities.** This could accommodate The Landing's expansion without changing the zoning for the parcel of land in question. The Landing's hearing will be deferred while the planning staff research and propose possible solutions to the Planning Commission.

**Your KPNA has not taken an official position on The Landing's project.** We realize that many Kingspoint neighbors have

deep ties to The Williamsburg Landing. Many neighbors welcome a quieter use for the land than the current mulching operation. Some support the project and welcome The Landing's planned growth.

**Other neighbors have environmental concerns** about the impacts of this construction on College Creek and the James River. There are also logistical **concerns about increased traffic** in our part of JCC, and reservations about a permanent **change to our view of College Creek**. We have asked Planning staff to determine whether infrastructure such as satellite dishes, antennas, air handlers, etc. would be visible on top of the apartment building's roof.

There is also concern among neighbors, and from our JCC Planning staff, about this **high density residential development so close to the Jamestown Airport's runways**.

**Your KPNA has not heard a consensus opinion from neighbors. Until we do, we will continue to learn** what we can about the project's progress through county government and share that information in The Crier and on our [KPNA website](#). **Please speak with any member of the KPNA Board to share your thoughts on the project.**
